Council, Gas Co. Talk

Possibility Natural Gas Service Late in 1958

As a result of representations made by the Vulcan town council to the Canadian Western Natural Gas Company, Frank Paterson, Lethbridge manager, attended a special council meeting Thursday of last week.

Mr. Paterson stated that plans for servicing Carmangay, Champion and Vulcan with natural gas are dependent upon the building of the feeder line from the Pincher Creek field to the main export line near Bassano, which, it is expected, will be completed next year.

The Gas Company already has the pipe necessary for the laying of the stub line to Vulcan. Price the company will have to pay for the gas at the pipe line will have a bearing on the price to consumers in Carmangay, Champion and Vulcan, but the company will be seeking franchises in these towns as soon as this and other matters are settled.

Further, and more definite, information is expected to be available in about a month's time and there is a definite possibility that Vulcan and the two smaller towns south could have natural gas late in 1958.

Will Discuss Proposed Egg Marketing Plan

The proposed Alberta Egg Marketing Plan will be the subject for discussion at a public meeting being held Nov. 15, at 8 p.m., at the Legion Hall at Vulcan.

J. H. Rhodes of Brant, will be the guest speaker.

During mid-November all registered poultry producers will be provided with a mail ballot on which they may support or reject the proposed Egg Marketing Plan. It is most important that all producers are acquainted with the facts and the importance of this issue, and that they cast their vote.

A registered producer means any farmer having 20 or more laying hens and who, through the recent enumeration, has had his name placed on the registered producers' list.

The Egg Marketing Plan, to carry, must have a 51 percent majority of the registered producers. This is required by an Act passed by the Alberta Legislature. All major farm co-operatives, the Farmers' Union of Alberta and the Alberta Federation of Agriculture are supporting the Alberta Egg Marketing Committee which has been set up for the purpose of providing basic information regarding the Egg Marketing Plan.

The assembly is held to build up the spirit of Christian love and co-operation in carrying on the preaching activities of the organization," added Mr. McKee.

BRANT

Brant United Church and adjacent hall received a thorough face lifting Friday afternoon, when nine ladies, members of the Ladies' Aid, turned out well-equipped with the usual paraphernalia generally used for cleaning and in a few hours left with everything shining and clean. This work was acknowledged and appreciated by those who attended the shower the same evening.

A number of Halloween youngsters were around Thursday evening, decked out in the usual display of funny faces and costumes, with a bag over one arm to hold the variety of treats received. A few young boys came later, having a lot of fun, throwing strange cats and dogs in homes where possible and putting usual array of debris on the door steps. Nothing destructive was done and a lot of fun enjoyed.

Senior Citizens Night Again Successful Event

(Contributed)

The fifth annual Senior Citizens Night, sponsored by the Vulcan Lionette Club, was held in the L.O.O.F. Hall, Tuesday evening, Oct. 29, and proved a very successful event, with approximately 140 senior citizens in attendance.

Upon entering the hall, each guest was presented with a carnation and in addition, each lady was given a souvenir.

A delicious turkey dinner, prepared and served by members of the Lionette Club, was served in the banquet hall, which had been gaily decorated in the Halloween theme.

Souvenir gifts were presented to Mrs. Ellen Johnston, the oldest lady and A. Ferngren, the oldest man.

Following the banquet, Elwood Myers, president of the Vulcan Lions Club, proposed a toast to the ladies, to which Mrs. J. Marshall, capably replied. Lionette President Freda Jones acted as chairman and extended the best wishes of the club and introduced the guests at the head table.

Mayor William Munro, spoke on behalf of the town, complimenting the Lionettes on their project and extending wishes for the continued success of the club. Paying tribute to the enterprise of the Lionettes in raising funds for this project, the mayor said he wouldn't be surprised to find the club members selling trips to the moon next year instead of world series pool tickets.

L. A. Douglass of High River formerly of Vulcan, was the main speaker of the evening, and proved most interesting. He told of many events of the pioneer days and recalled many familiar names of those times. His address gave a quick resume of the fun, trials and hardships experienced in this area, in the early days. (Editor's Note: It is hoped that we will be able to publish Mr. Douglass' talk in full, as soon as space permits.)

Following a short intermission, during which moving pictures were taken, a variety program under the direction of Lionette Bea Richardson, was presented.

The moving pictures taken of the guests at last year's Senior Citizens Night were shown, and greatly enjoyed. Other items on the program consisted of a vocal duet by Art Jones and Hannah Matlock. Reading by Mrs. Mainland; vocal duet by the Haga Sisters; A skit put on by the Lionettes; songs by the Lions Quartet; a solo by C. Ottewill; violin numbers by Dahl Howerton; song by Michael Denbigh; recitations by Mrs. A. Clayton, and an exhibition of square dancing by members of the Square Dance Club.

The following poem by Louis Douglass of High River, expressed the thoughts of many of those present.

The Lionettes of Vulcan
Are the nicest folk I know.
Just ask any Senior
And I'm sure they'll tell you so.
They entertain us every year
It's service with a smile.
It's friendly folk like Lionettes,
That make our lives worthwhile.

November 11-16 Is F.U.A. WEEK

The co-operation of Alberta farmers will determine the success of this very important Farmers' Union membership drive. The issue is squarely up to the farmers to take this opportunity to build a strong Farmers' Union.

U.F.A. Co-op, organized by farmers to serve farmers in the farm supply field, is keenly interested in the development of a strong Farmers' organization. To get a fair deal for agriculture it is essential to have a farm organization with a membership representing the majority of the Farmers of Alberta.

U.F.A. Co-op strongly urges all farmers and particularly its members to take an active part in the F.U.A. Week. Join the Farmers' Union of Alberta. Get your neighbors to join.

people compete
in the oil business

Did you know there are more than 10,000 people engaged in the search for oil in Canada? We know it, because we run into plenty of them each time we try to lease promising oil lands.

Did you know there are hundreds of skilled chemists and engineers in Canada's 42 refineries? We know it, because our own technical people have to work hard to stay ahead of the others in producing better products at lower cost.

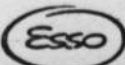

Did you know Canada's oil companies employ thousands of salesmen to market their products? We know it, because every day our own sales people are competing with salesmen from other companies.

Canada's hundreds of oil companies wage vigorous competition. The result is increased efficiency, and benefits to the consumer.

AGRICULTURAL EXTENSION SERVICE

The Department of Agriculture of the Government of Alberta maintains a Province-wide Extension Service which is constantly concerned in bringing information to farm families and assisting them to apply it.

District Agriculturists and District Home Economists, who comprise the field staff, are strategically located at 45 centers throughout the Province. These highly qualified workers provide direct, friendly assistance to farm people in planning their operations so that they may achieve the maximum in profit and satisfaction from their efforts. This is not done by arbitrarily telling them what they should do, but rather by bringing to them basic and scientific information and encouraging them to apply it in reaching better decisions.

Some farm families need only to be told of the latest research developments, while in others there is a need to consider a more or less complete revision of their operations.

The principal methods used are:

1. Supervision by field staff of the organization and operation of 4-H Clubs.
2. Provision of information by field staff with respect to specific problems, including better sires and seed.
3. Provision of general information through the medium of short courses, radio, press, etc.
4. Provision of specialists to assist farm families with more complicated problems.
5. Encouragement to farm families to solve their own problems by group discussion, with Extension workers present to provide information.

The Alberta Department has the highest ratio in Canada of Home Economics to number of occupied farms and was the first to have a specialist in home designing. The average number of occupied farms per District Agriculturist is about 1700, and per District Home Economist about 3500.

PROVINCIAL SCHOOLS OF AGRICULTURE AND HOME ECONOMICS

The Schools of Agriculture and Home Economics provide practical training to young men and women who intend to make careers in modern farming and homemaking. Each school consists of modern dormitories, class rooms, laboratories, shops and barns. A farm is operated in conjunction with each school to provide practical instruction.

BLACKIE

On Tuesday, Walter Wilderman left for Olds where he will be attending the Olds School of Agriculture.

Mr. Wesley Kennedy who has been working at Radium, B.C., for

the past few months, has now been transferred to Brooks.

Mr. and Mrs. Keith McKeage accompanied Mr. and Mrs. Glen Eamor to Great Falls for a few days holiday.

Mr. and Mrs. Varno Westersund flew to Swift Current last Saturday, returning on Sunday.

Bob Sutor of Drayton Valley was a weekend guest at the home of his parents, Mr. and Mrs. Les Sutor.

Mrs. E. Braunwarth of Calgary spent a few days here at the home of her daughter, Mrs. G. Bayford. She also visited in Brant with her daughter, Mrs. J. Kennedy with friends.

The School Students Union were very pleased with the success of their annual Hallowe'en Dance held on Friday evening. There was

a very good crowd and the costumes were numerous. Judging was by Mrs. Joan Bricker, Mrs. Bertha Raycraft and Cecil Kumlin. Prizes were awarded as follows: Most original couple, Mr. and Mrs. Rex Peckham as robots; best dressed couple, Judy Sutor and Fay Eamor, as the King and Queen of Hearts; best dressed "Lady", Doug Pakenham; best group, Lavonne Norton, Glenna Robins, Margaret Johnston and Lynn Nash as explosives; most original, Barbara Manville, as an old-fashioned lady; best comedy, Mr. and Mrs. Jim Montgomery, as Little Abner and Daisy Mae. Those from out of town who attended, included a number from High River and G. Parker and family of Foremost and Mr. and Mrs. Doug Pakenham from Banff.

Neil Waddell who has been at Hinton, Alberta, for the past few weeks has secured housing accommodations there and Mrs. Waddell and family will be joining him at Hinton in the near future.

Hallowe'en night passed rather quietly this year. There was a number of little folk around to homes. Their threats of tricks or treats were quickly rewarded with treats but the little ones were willing, in most cases, to recite or sing. Teachers of the pupils from grades one to seven, gave parties at the school on Wednesday afternoon. The children were dressed in costumes and prizes were awarded for best costumes, funniest, most original, etc. The grade one pupils had as guests, the children who will be attending school next term. Treats were provided for all.

Other than a few harmless pranks as worrying the owners of outdoor plumbing facilities and moving a few barrels around, no mischief was done.

Magazine sales at the school have been going well and the students sold over \$600 worth of subscriptions. They will realize about one-third of this for the Students' Union fund. The sale of magazines will draw to a close this week.

There was no school here Thursday and Friday, because of the Teachers' Convention held in Calgary. All the teachers attended and heard very educational talks. A banquet was held at the close of the meetings. Mrs. Philip Husby, principal, was elected as councillor for the Alberta Teachers Association, local.

Cecil Kumlin has announced that members of his Cub group will be selling poppies for the Canadian Legion on Saturday, Nov. 9, and co-operation of citizens with the sales will be appreciated.

Calvin Lowery wrote us a very interesting letter during a stop-over in Seattle Wash. He says they brought a special plane load of orphan kiddies by special flight to clear customs at Seattle. When he showed them a letter from the orphan he is supporting in Korea, the officials gave him permission to go aboard the plane and see the children. They were all for homes throughout the U.S.A. and were to be adopted in private homes. The stewardess knew the home where Mr. Lowery's charge is and has promised to visit her on her return to Korea. On board the plane were eighty children from six months to six years of age and the Stewardess's comment was "What a flight." Mr. Lowery is presently enjoying a trip to Honolulu. He mentioned that it was warm at Seattle but they had a fairly rough flight from Calgary.

ARMADA

Mr. and Mrs. R. Beagle and family were Monday visitors to Calgary.

The Junior room of the Armada School was the scene of an enjoyable Hallowe'en party on Wednesday afternoon, at which mothers and friends of the students were present. A program consisting of recitations, songs and skits, under the direction of the teacher, Mrs. M. Severson, was presented by Grades one, two and three. The adults participated in two contests, winners being Mrs. Mary Chambers and Mrs. Amy Stokes. A delicious lunch was then served by the girls and their teacher, Mrs. Severson, bringing an enjoyable afternoon to a close.

C. Stokes of Calgary who was visiting his son and daughter-in-law, Mr. and Mrs. R. Stokes, spent a few days in the Vulcan hospital. After being released he returned to his home in the city.

Plans were arranged by the entertainment committee of the Armada Memorial Centre for a chicken supper to be held in the hall on the evening of November 16, from six to eight p.m. Entertainment will follow.

S. Marks, R. Chambers, A. Chambers and F. Stokes returned to the foothills to try their luck once again at big game hunting.

Mr. and Mrs. A. Marks and family motored west of Longview on Sunday to visit Mr. and Mrs. B. Veilleux and family, former Armada residents.

Cub meetings, under the leadership of Art Marks, have once again been resumed.

Mr. and Mrs. S. Henriksen and boys are proud owners of a new black and red Dodge car.

The ladies of Armada are once again enjoying badminton once a week in the hall. Any ladies of the district who are interested in playing are invited to join the club.

Several Armada citizens are taking advantage of the first aid course held twice a week in Lomond.

The polls on the liquor plebiscite were slack in the Armada district on Wednesday with eighteen in favor of the vote and thirty-two against.

Mr. and Mrs. G. Craine, accompanied by Mrs. G. Stokes and family were visitors to Calgary for the long weekend.

Mr. and Mrs. G. Lucas and family were Lethbridge visitors on Thursday.

Little ghosts, goblins, witches and what not roved the country last Thursday evening for their tricks or treat. It was a fairly quiet night with only a few pranks being played by some of the older set.

Fine weather continued during the week with Friday bringing a few snow flurries, sleet and mist. Skies are once again clear and sunny and the fine weather to continue is hoped for.

**New hope for prevention
of Heart Disease**

In spite of accurate diagnosis, advanced medical science and surgery, heart disease is still the greatest killer today. What causes it? Can it be prevented? The National Heart Foundation of Canada, recently formed, will intensify the search for the answers to these questions.

The Life Insurance Companies in Canada are supporting this Foundation because it is so important to the future health of Canadians. They have made substantial grants to cover the cost of launching the organization.

The Foundation will encourage intensive research into the causes of heart disease by every possible means. It will seek to stimulate professional and lay education and help family doctors to keep abreast of the newest developments in diagnosis and treatment.

Support of the National Heart Foundation is just one of many ways in which the life insurance companies in Canada are helping to create a healthier, happier life for Canadians.

Baby Needs:

SIDIS, ONE OF FOUR NOTED AMERICAN PRODIGIES, WHOSE FATHER WAS A PROFESSOR AT HARVARD, COULD RECITE THE ALPHABET AT THE AGE OF SIX MONTHS.

Have you a baby at your house? Whether a budding prodigy or just a normal healthy baby, isn't it amazing how very many things are required daily to keep baby comfortable and sweetly clean—and how modern baby care has taught us much to shorten our tasks by overcoming little ills and irritations to which babies were formerly subjected? You'll want the mild, sweetly fragrant soap for Baby bath—the soothing talcums (scented or unscented), Hygienically Safe for Baby's tender skin.

Your Druggist can supply your Baby's Needs—Miniature Hot Water Bottles, Healing Baby Oils, Absorbent Cotton, Boracic Acid and Pyrex Heat-proof Feeding Bottles and Nipples, Rubber Sheeting, Glycerine Suppositories, Milk of Magnesia—In short, practically any requirement of this nature, as well as Baby Foods and Condensed Oil Liver Oil and Vitamin Preparations to Keep Baby Healthy and Strong.

Brief Items of Local Interest

Congratulations are being received by Mr. and Mrs. Norman Markert on the recent birth of a daughter. Mrs. Markert is the former Miss Fay Fisher.

Sunday visitors at the W. W. Clarkson home were Mr. and Mrs. Earl Altizer of Edmonton and Mrs. Glen McAllister of Lethbridge.

The recent Red Cross Blood Donors' Clinic, held in the Legion Hall and convened by Mrs. Roy Fulton proved disappointing to all with there being only 93 donors and four rejects. The clinic does not feel the trip here worthwhile unless they receive at least 100 donations.

Among Vulcanites who were Saturday Lethbridge visitors were Mr. and Mrs. John Jamison and family; Mr. and Mrs. Ross McIntyre; Mr. and Mrs. Harry Johnson, Mr. and Mrs. Howard Burrell and Mr. and Mrs. Mike Orchard. Mrs. W. A. Fitzpatrick spent the

weekend at the home of her son-in-law and daughter, Dr. and Mrs. Ian Younge, in Calgary.

Sympathy of the district is extended to Mr. and Mrs. Elwood Mensinger of Coultas at the death of their small daughter, 22-month-old Joel, at Lethbridge on Monday.

Mr. and Mrs. Ross McIntyre received word Tuesday of the birth of their first grandson, a baby boy, to Mr. and Mrs. Jim Fleming of Hamilton, Ont. Mrs. Fleming was before her marriage, Miss Myrna McIntyre.

Mrs. John Hunter of Warner, spent the first of the week renewing acquaintances here and being the guest of her daughter, Helen.

Mrs. Archie MacDonald spent last week in Calgary with her daughter, Miss Inez MacDonald, who is a patient at the General Hospital. Best wishes for a speedy recovery are extended to Inez by her many friends in Vulcan.
